

“Following on the heels of Elizabeth’s revealing book “Groomed,” another major step is taken with “Speak the Unspeakable.” So many men and women who follow Jesus have much sexual baggage deeply buried, including sexual abuse, abortions, adultery, etc. “Speak the Unspeakable” provides a gutsy, yet tried-and-true path, that individuals and churches can take as they seek to come to the healing light offered by Jesus. This is not a self-improvement book. Walking this path will take courage if you or someone you love is fed up with pretending everything is okay, hiding what was done to you [or which you did to someone] which was unspeakable ... but which once openly ‘spoken’ to trusted others, brings deep-down-to-your heart forgiveness, healing and true life.”

Ken Harrison, President, Promise Keepers

Speak the Unspeakable carries a treasured, unique, anointed, and urgent message of hope for our churches, our families, our children, and for us. First, we see that we cannot walk in our calling when we are trapped in our past. Then, we go on to see how churches, families, and parents can change to become havens of hope: instead of walking alone with our secrets, we become free to speak and pray about our fears, traumas, and abuses. And she gives us fresh new language for talking with our children and grandchildren about accessing help when they face such matters. We are blessed by using the ‘keys’ Elizabeth shares, reminding us “to ask for where the good way is, and walk in it, and find rest for our souls (Jeremiah 6:16).” These keys unlock transformational healing, so that we live walking in full freedom -- together, not alone -- to fulfill our calling and purpose in Christ Jesus our Lord.

Dr. Susan Hillis, Global Coordinator for Strategy, World Without Orphans

The deepest parts of the human heart longs for freedom. Freedom to be everything we were created and redeemed to be. Yet, the trauma’s of life and evil unseen forces are at work keeping us from living out our purpose. In a culture where people are striving to be heard but don’t have words or processes for their pain, Elizabeth Good is being used by God as a voice and champion of freedom. Her honest, bold, and heartfelt passion for people to be free clearly permeates through the pages of this book. The authenticity and vulnerability in which she shares her own story moves you to take action and follow the outlined steps in this book for your own personal freedom. As a man who has experienced the shame and pain of being abused, and the freedom that has come through the excavation process of God’s love, I believe that this book “Speak the Unspeakable” and the course Real Talk will be a catalyst that will launch a generation into their healing and destiny. Thank you Elizabeth for writing this powerful, insightful, challenging and motivating book.

Pastor Burnard Scott Jr, Bayside Community Church

Speak the Unspeakable unlocks the truth that is vital for every church and is a vital read for leaders and parents. REAL TALK is the missing link for believers. I have been in ministry for over 30 years and have led every area from children and youth, to young adults, seniors and everyone in between... I have seen again and again that life-controlling secrets and shame often stand between them and freedom. We must have these hard conversations and offer a way for our congregations to heal and process. As a survivor of childhood sexual abuse, I love Elizabeth’s heart to help children be protected from this evil, and help adults have tools to be free from their past experiences. We haven't had a tool like this before and we are excited to embrace REAL TALK in our church.

Nancy Turpin, Pastor, Westcoast Church
